## PERSONAL DETAILS

Current Location	Hyderabad
Date of birth	May 26, 2005
Gender	Male

## EDUCATION

Graduation	B.Tech/B.E. ( Computer Science Engineering ) Marri Educational Society's Marri Laxman Reddy Institute of Technology and Management, Ranga Reddy with Score 7.1%
Class XII	Telangana with 81% in 2023
Class X	Telangana with 100% in 2021

## INTERNSHIPS AND PROJECTS

Projects	<b>Portfolio</b> ( Duration October 2025 - November 2025 ) I developed a personal developer portfolio using React.js, combined with HTML, CSS, and Vanilla JavaScript to present my skills in web development. The website is a Single Page Application (SPA). I deployed the site live using Netlify, making it publicly accessible and giving me experience with deployment workflows. <b>Automatic Detection Of Unexpected Accidents</b> ( Duration March 2025 - April 2025 ) This project presents an application of deep learning algorithms for the automatic detection of unexpected accidents under unfavorable CCTV monitoring conditions in tunnels. Due to poor camera quality and challenging environments, traditional monitoring methods are inefficient and error-prone. The project demonstrates how deep learning can be effectively applied to traffic surveillance and safety systems, enhancing emergency response and reducing accident impact.

## SKILLS AND ACHIEVEMENTS

Skills	Fullstack Web Developer,React.Js,HTML,CSS,Bootstrap,Javascript,MongoDB,Python
Language	English ( Both )
Awards & Honor	During my 1st year of B.Tech, I participated in a college-level hackathon event and secured 2nd place by developing a project titled Random Quote Generator. The project was designed to generate random motivational and inspirational quotes each time the user interacts with the application. This experience motivated me to explore more projects and strengthened my interest in software development and practical coding.
