

VALADASU NAVEEN

Full Stack Web Developer (MERN Stack)

Hyderabad, Telangana, India | +91 74169 90625 | naveennani2605@gmail.com | linkedin.com/in/valadasu-naveen | github.com/naveennani-2605

PROFESSIONAL SUMMARY

Full Stack Developer specializing in the MERN stack, currently pursuing a B.Tech in Computer Science & Engineering (2023–2027). Built and shipped responsive, production-style web apps using React.js, Node.js, Express.js, and MongoDB during two remote internships, working across REST API design, database modeling, and front-end UI. Quick to pick up new tools and comfortable working in agile, remote teams with tight delivery timelines. Solid grounding in data structures, algorithms, and Git/CI-CD workflows from coursework and real project work.

Core Competencies: Problem Solving, Team Collaboration, Communication, Agile/Scrum Methodology, Code Review, Adaptability, Time Management

TECHNICAL SKILLS

Languages: JavaScript (ES6+), Java, Python

Frontend: React.js, React Router, HTML5, CSS3, Flexbox, Grid, Bootstrap, Tailwind CSS, Responsive Web Design, Axios

Backend: Node.js, Express.js, REST APIs, JWT Authentication

Database: MongoDB, MongoDB Atlas, Mongoose

Tools & Platforms: Git, GitHub, Postman, Vercel, Netlify, Render, VS Code, Agile/Scrum, CI/CD

Additional: Adobe Photoshop, Canva, Content Creation, Social Media Design, Video Editing

PROFESSIONAL EXPERIENCE

Full Stack Web Development Intern — Thiranex (*Remote, Hyderabad | May 2026 – Present*)

- Work on live client features for an ongoing product using the MERN stack, as part of a remote engineering team following an agile workflow.
- Built and styled 10+ React.js components and hooked them up to Node.js/Express REST APIs, turning feature requirements into working, tested UI.

Full Stack Web Development Intern — Future Interns (*Remote, Hyderabad | Feb 2026 – Apr 2026*)

- Built and integrated RESTful APIs with the MERN stack (MongoDB, Express.js, React.js, Node.js), shipping 3 production features over 2 sprint cycles.
- Took part in peer code reviews and kept Git/GitHub workflows clean across 5+ feature branches, which cut bug turnaround time by roughly 30%.

PROJECTS

CRM Portal (*MERN Stack — MongoDB, Express.js, React.js, Node.js, JWT Auth | github.com/naveennani-2605/crm-portal*)

- Built a full-stack CRM app with role-based access control using JWT authentication, including 15+ React components for lead management, contact tracking, and dashboard analytics.
- Designed and tested 10+ REST API endpoints in Postman, hooked up MongoDB Atlas for storage, and deployed the app on Render with a CI/CD pipeline for zero-downtime releases.

E-Commerce Website (*MERN Stack — React.js, Node.js, Express.js, MongoDB, Tailwind CSS | github.com/naveennani-2605/ecommerce-app*)

- Built a fully responsive e-commerce platform with product listings, cart management, and user authentication, using Axios for API calls and Tailwind CSS for a mobile-first UI.
- Built REST APIs for product CRUD and order processing, then deployed the frontend on Vercel and backend on Render with automated CI/CD builds on every commit.

Personal Portfolio Website (*React.js, HTML5, CSS3, Vercel | github.com/naveennani-2605/portfolio | naveenvaladasu.vercel.app*)

- Designed and launched a fully responsive portfolio site to showcase projects, skills, and achievements, with modular, reusable React.js components for clean cross-device rendering.
- Tuned load times and cross-browser compatibility, then deployed it on Vercel with a CI/CD pipeline that auto-builds on every commit.

EDUCATION

Bachelor of Technology — Computer Science & Engineering, Marri Laxman Reddy Institute of Technology and Management (MLRITM), Hyderabad | Sep 2023 – Sep 2027 (Expected)

Intermediate (MPC), Resonance Jr. College, Khammam | Aug 2021 – Aug 2023 | Grade: 81.1%

Secondary School Certificate (SSC), Resonance Info School, Khammam | 2021 | Grade: 10 CGPA

CERTIFICATIONS

- **Programming with Python** — Internshala: 6-week course covering Python fundamentals, OOP, SQLite connectivity, and PyQt GUI development.
- **Internshala Brand Champion Program** — Recognized for promoting skill-building initiatives and motivating peers to enroll in technical upskilling courses.
- **Basics of Data Structures and Algorithms** — Simplilearn: coursework on core data structures, algorithmic problem-solving, and optimized coding strategies.

ACHIEVEMENTS

- Completed two full-stack development internships (Thiranex, Future Interns), shipping MERN stack features in remote, agile teams.
- Built and deployed 3+ full-stack and front-end apps end-to-end — a CRM portal, an e-commerce platform, and a personal portfolio — from design through CI/CD deployment.
- Earned 3 technical certifications in Python and data structures & algorithms, plus a peer-recognition award for promoting skill-building initiatives.

RELEVANT COURSEWORK

Data Structures & Algorithms, Database Management Systems, Web Technologies, Software Engineering, Object-Oriented Programming, Operating Systems
